

Lakehead
UNIVERSITY

Academic English Program (AEP)

Proposal for: University of Guadalajara

Date: March 11, 2021

English Language Centre

Exceptional. Unconventional

Lakehead is small enough to offer the personalized approach to supports and education that allows you to thrive. And we're big enough to embody a truly global perspective. Over 1,500 international students, representing over 70 nations around the world, call Lakehead home.

English Language Centre

Lakehead University offers a wide variety of English language courses in order to help you meet your educational, professional and personal goals. From beginner to university level, we have a program that will get you there.

The English Language Centre is a fully accredited member of Languages Canada.

Lakehead University's two main campus locations in Thunder Bay and Orillia, Ontario provides you with two exceptional campuses to discover. Click [here](#) for a campus tour.

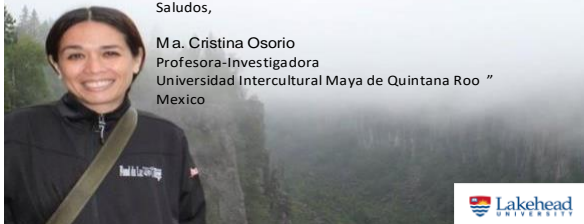

Read what previous attendees have to say about this program:

Lakehead University is a great place to learn English, you will be surrounded by warm people and experienced professors who will support you with patience in the process of learning a new language. Lakehead University located in Thunder Bay, Ontario, offers you a safe environment where you can really focus on your academic goals.

Saludos,

Ma. Cristina Osorio
Profesora-Investigadora
Universidad Intercultural Maya de Quintana Roo " "
Mexico

The experience of learning about a new culture, country and language was one of the most incredible experiences I have had in my life and that today, I remember with great emotion. Visiting the city of Orillia taught me that great things can happen if you put your mind to it. In this rewarding experience I gained a new sense of professionalism and a clearer vision of what it meant to be in the professional world. I would advise everyone to take the opportunity and do an internship. Today, thanks to this adventure, I have learned to speak English much more fluently, without fear of being wrong, which has opened the opportunity to get a job in a multinational company.

Instituto Tecnológico de Costa Rica TEC

Program:	
Name of Program:	Academic English Program Improve your English proficiency in a dynamic, interactive, and virtual learning experience designed to engage and set you up for growth.
Online Experience:	Our virtual programs go far beyond just replicating PowerPoint presentations online: these programs are intentionally designed to give you the kind of robust and dynamic learning experience you expect. In our programs you will be able can explore new ideas and re-discover old ones, and understand a wide range of possibilities around a topic. All ELC students have access to Lakehead University’s library.
Overview:	<p>The 4-week Academic English Program is aimed at developing academic listening, speaking, reading and writing skills for intermediate-advanced level (B2) students. Learner outcomes include general academic vocabulary development, listening skill improvement in an academic setting, development of effective note-taking skills, improved academic discussion and presentation skills, improvement in reading and comprehension of university textbook materials, magazine articles, and on-line/library materials, and development of academic essay and research paper writing skills. Students build skills through practice with materials that use authentic academic content-based lectures. Students read and present material both verbally and in writing, and write essays.</p> <p>This course will use blended delivery online, and will utilize electronic resources and materials that will be provided during lessons. The class will run from 10am to 1:00pm (Canada- Eastern Time), Monday to Thursday (Guadalajara time: 9:00 a.m. to 12:00 p.m) Class attendance is mandatory and students' active participation will be crucial to the successful completion of this course. The class will connect online via Zoom meetings for three hours with opportunities for independent work built-in those three hours. All course information will be provided on the class’ D2L site. This is also where students will submit assignments, complete discussions and write assessment tasks.</p>
